RETAIL JEWELERS ASK REPEAL OF EXCISE TAX

Hartford, Conn., April 7.—The Retail Jewelers' Association of Connecticut passed resolutions at a meeting at the Hartford Club today calling on congress to repeal the excise tax on the retail sale of jewelry and substitute a sales tax on all gross sales. The resolutions characterized the excise tax as "burdensome and unjust."

GRANDMA NEVER LET HER HAIR GET GRAY

Keep her locks youthful, dark and glossy with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wynette's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray has disappeared, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wynette's Sage and Sulphur Compound and look younger.

METHODS OF NAVAL ANTI-VICE SQUAD

New York, April 7.—The naval board of inquiry investigating methods employed by the anti-vice squad at Newport, R. I., was told this afternoon that the squad had been ordered to "knock off" or it would "hang the whole state of Rhode Island."

This testimony was given by Irving Arnold, the squad's commander. The order, he said, had been issued by Lieutenant Commander Foster Porter, president of the court named by Rear Admiral Wood to conduct the anti-vice crusade, and had been transmitted to him by Ensign William H. Drury, Jr., advocate of the court.

The greater part of today's session was devoted to efforts to determine who was responsible for methods employed by the squad. Arnold testified that he prepared a duty sheet, which was approved by Ensign Drury, and that a copy of it was handed to each man as he was sworn in for the special work. Arnold declared that even after the men had been sworn in and the character of the work explained to them, they could have withdrawn.

The witness declared that Ensign Drury had told him members of the squad, if they employed objectionable methods in order to secure dis-

rect evidence against suspects, would be legally protected. Drury told Arnold the judge advocates' general's office had so advised him, the witness testified. Arnold declared he issued orders to the members of the squad and left it to their own discretion.

As a result of the work, said Arnold, more than 100 cases were brought under suspicion and the suspicion and the reports of these cases were taken by Arnold to Washington and turned over to Franklin D. Roosevelt, assistant secretary of the navy. Arnold said conditions at that time were so bad in Newport that the members of the squad were anxious to go on with the work to better conditions for the enlisted personnel.

It was brought out by Ensign Henry I. Hyneman, judge advocate, that the court adjourned sine die March 29, 1919, but Arnold declared he had been directed by Ensign Drury to continue his work. The work was continued until April 17, 1919, when Arnold said he received word from Drury to "knock off" all investigations.

The detailed reports of the operations of the anti-vice squad were put into the record. The investigation will be continued tomorrow.

Then a quick pressing and all in a twinkling your once dingy blouse is copenhagen, yellow or dancing green.

Twink comes in just the shades of coral and copenhagen the shops are showing—just the soft daffodil yellow, flower-like lavender and cool green that are most popular this season.

The Twink colors turn out right every time, clear and even, with never a streak or a dingy cast. And so fast are these colors that you can wash your blouse several times in Lux

before it comes back for its next Twinking.
